---

Full Stack Web Developer with a passion for programming and web design. I am looking for an opportunity to apply my knowledge in front-end and back-end web development in a collaborative environment that allows me to make valuable contributions and at the same time learn and advance in the development of my skills, both technical and soft, in addition to learning and incorporate new technologies that improve my performance and ability to contribute.

## SKILLS

**Technical:** HTML, CSS, SASS, Javascript, Typescript, React, Redux, Node.js, Express, Sequelize, PostgreSQL, Git, Github.

**Soft:** Scrum, communication, teamwork, problem solving, adaptability, resilience, autonomy, among others.

## LANGUAGE

English: level B2.
